**B. Motion To Ratify West Norriton Township's Letter Of Support For The Clean Communities Investment Partnership (CCIP) Grant Application**

Enterprise Community Partners, Rewiring America, Local Initiatives Support Corporation, United Way Worldwide, and Habitat for Humanity are partnering to form a coalition—the Clean Communities Investment Partnership (CCIP)—to submit an application for up to \$14 billion in National Clean Investment Fund (NCIF) funding for affordable housing electrification.

Our joint mission is to transform the housing market, save households money, reinvest in communities and tackle the climate crisis. Our approach is centered around four strategies:

1. Reduce friction by simplifying the process and experience of home electrification;
2. Aggregate consumer demand by creating market leverage and momentum;
3. Create financial solutions for every housing type and circumstance that will unlock economic and health benefits for everyone; and
4. Invest in equity by creating workforce development and wealth-building opportunities for community businesses and members.
