**WHEREAS**, the Pennsylvania First Class Township Code empowers the Board of Commissioners of West Norriton Township to make, amend, and adopt ordinances that are consistent with the constitution and laws of the Commonwealth when necessary for the proper management, care, and control of the Township and the maintenance of peace, good government, health and welfare of the West Norriton Township (“Township”) and its citizens;

**WHEREAS**, Section 1502.10(1)(i) of the Pennsylvania First Class Township Code provides the Board of Commissioners with the specific power to prohibit and regulate a business that is offensive and prejudicial to the public health or safety of the inhabitants of the Township;

**WHEREAS**, contemporary science recognizes that being lesbian, gay, bisexual, or transgender is part of the natural spectrum of human identity and is not a disease, disorder, or illness;

**WHEREAS**, the value and effectiveness of conversion therapy has been denied by every major medical and mental health organization, including the American Psychological Association, American Psychiatric Association, American Medical Association, American Academy of Pediatrics, American Academy of Child and Adolescent Psychiatry, American Counseling Association, American Psychoanalytic Association, American School Counselor Association, American School Health Association, National Association of Social Workers, and the Pan American Health Organization;

**WHEREAS**, the advertising and provision of conversion therapy in exchange for monetary compensation is therefore consumer fraud;

**WHEREAS**, conversion therapy has been proven to lead to critical health risks -- anxiety, depression, decreased self-esteem, substance abuse, homelessness, and suicide -- and minors are especially vulnerable to the harms associated with conversion therapy;

**WHEREAS**, the township has a compelling interest in protecting the physical and psychological well-being of minors, including lesbian, gay, bisexual, and transgender youth, and in protecting its minors against exposure to serious harms caused by conversion therapy;

**WHEREAS**, Governor Wolf of the Commonwealth of Pennsylvania has by Executive Order 2022-2, recognized the many contributions of the LGBTQ+ citizens of the Commonwealth to the culture,

society, and economy, and declares all Pennsylvanians entitled to protection from conversion therapy;

**WHEREAS**, due to the findings set forth above, the Board of Commissioners finds that conversion therapy is injurious to the health, safety, general welfare and comfort of minors residing in or visiting the Township;

**WHEREAS**, due to the findings set forth above, the Board of Commissioners finds that medical and mental health professionals who engage in conversion therapy with minors facilitate business operations that are offensive and prejudicial to the public health and safety of minors within the Township;

**WHEREAS**, for the reasons set forth in more detail below, the Board of Commissioners intends to preserve, maintain, and enhance the health of its residents by prohibiting medical and mental health professionals from engaging in or facilitating conversion therapy for minors in the Township;

**WHEREAS**, Section 1502 of the Pennsylvania First Class Township Code also vests the Board of Commissioners with the specific power to provide for enforcement and penalty provisions in an ordinance;

**WHEREAS**, the Board of Commissioners has met the procedural requirements of the First Class Township Code for the adoption of the proposed ordinance, including advertising and holding a public hearing; and

**WHEREAS**, the Board of Commissioners, after due consideration of the proposed ordinance at a duly advertised public hearing, has determined that the health, safety, and general welfare of the residents of West Norriton Township will be served by this amendment of the West Norriton Township Code to prohibit medical and mental health professionals from engaging in conversion therapy with minors in the Township;

**NOW, THEREFORE, BE IT ORDAINED AND ENACTED** by the Board of Commissioners of the West Norriton Township, Montgomery County, Pennsylvania, as follows:

**§10-1001. Purpose and Findings.**

**A. Purpose.**

The purpose of this Part is to:

- (1) Ban the practice of Conversion Therapy by Medical and Mental Health Professionals on Minors in West Norriton Township;
- (2) Protect Minors from the physical, psychological, behavioral and mental health injuries caused by

Conversion Therapy, including, but not limited to, the unwarranted guilt and anxiety caused by Conversion Therapy that can lead to anxiety, depression, decreased self-esteem, substance abuse, homelessness, self-harm, and/or suicide; and

- (3) Prevent Medical and Mental Health Professionals from misrepresenting to the public that their practice or business operations within the Township can change the Sexual Orientation or Gender Identity or Expression of a Minor or otherwise possess any scientific credibility or clinical utility;

#### B. Findings.

- (1) The American Psychological Association has determined that homosexuality is not a mental disorder.
- (2) The American Psychological Association is concerned about the resurgence of sexual orientation change efforts, which promote the notion that sexual orientation can be changed;
- (3) The American Psychological Association advises parents, guardians, young people, and their families to avoid sexual orientation change efforts that portray homosexuality as a mental illness or developmental disorder and to seek psychotherapy, social support and educational services that provide accurate information on sexual orientation and sexuality, increase family and school support, and reduce rejection of sexual minority youth;
- (4) Conversion therapy has been overwhelmingly rejected by the scientific, medical, and educational communities and numerous professional organizations have denounced conversion therapy due to its lack of scientific validation, as well as its negative and dangerous impact on the health and wellbeing of LGBTQIA+ persons and communities, and the specific harm it causes to the mental health of LGBTQIA+ children;
- (5) Minors are especially vulnerable to Conversion Therapy, which can lead to depression, anxiety, drug use, homelessness, and suicide.
- (6) The American College of Physicians opposes the use of Conversion Therapy, also known as “reorientation” or “reparative” therapy, for the treatment of LGBTQ persons.
- (7) The American Psychiatric Association has determined that, “there is no published scientific evidence supporting the efficacy of ‘reparative therapy’ as a treatment to change one’s sexual orientation.” However, the potential risks of such therapy are great and include depression, anxiety, and self-destructive behavior.
- (8) The American Psychiatric Association opposes the use of Conversion Therapy based upon the assumption that homosexuality is a mental disorder based upon the assumption that a patient should change their homosexual orientation
- (9) An important goal of West Norriton Township is to protect Minors within the Township from the potential and actual harms caused by Conversion Therapy;

- 2) Performs or offers Counseling as part of such person's professional training or services and maintains a medical, pharmacological, osteopathic, nursing, or social work license from a Commonwealth or federal agency or board, including any license from the State Board of Medicine, State Board of Pharmacy, State Board of Nursing, State Board of Psychology, State Board of Osteopathic Medicine, or the State Board of Social Workers, Marriage & Family Therapists and Professional Counselors; or

The notice shall specify the violation and the time limitation to establish compliance. Failure to comply with the provisions of the notice of violation shall subject the violator to the penalties herein.

- (10) An important goal of West Norriton Township is to prevent businesses or business practitioners within the Township from promoting, advertising, or participating in business practices that misrepresent to the public or otherwise falsify the potential outcomes of their therapeutic or counseling practice;
