

TOWNSHIP OF WEST NORRITON RESERVED PARKING APPLICATION FOR RESIDENTS WITH DISABILITIES

PURPOSE:

The Township offers a program to provide reserved on-street parking to residents whose mobility is limited to such a degree due to medical conditions, that reserved parking is required to allow those residents to function independently.

Please review the following eligibility requirements; if you are applicable, complete and submit this ENTIRE application packet to:

West Norriton Police Department
1630 W. Marshall Street
Jeffersonville, PA 19403

You may return the completed packet in person or by mail (NO EMAILS OR FAX COPIES) to the Police Department at the address listed above. Failure to complete this application in its entirety will lead to a denial of the application and all fees will be forfeited. A new application may be filed with all applicable fees included.

PROCESS:

NEW APPLICATIONS

Please complete, sign, and submit pages 1 through 8 of this packet for all first-time applications including signatures from your physician and notary public.

- a. Page 5 must be signed in front of a notary public sworn by the State of Pennsylvania and notarized by that notary **PRIOR TO SUBMISSION**.
- b. Pages 6 and 7 of this application must be completed (including diagnosis and professional license number) and signed by your physician (MD, DO, NP, PA, or DPM). Chiropractors (DC) are **NOT** considered "physicians" under State Law. Approved permits are valid for one (1) year and must be renewed annually.
- c. Page 10 (Neighbor Notification Addendum) is **REQUIRED**, and your neighbors must sign/consent if the frontage of your property is less than 20 feet.

RENEWAL APPLICATIONS

Reserved parking spots for residents of West Norriton with disabilities **MUST BE RENEWED** every year. Renewal notice will be mailed to the address indicated on this application in **FEBRUARY** of every year. We ask that you complete a renewal form and return it to the Police Department (1630 W. Marshall Street, Jeffersonville PA 19403) by **MARCH 1** of each year.

Renewal forms can be found online or picked up at the West Norriton Police Department.

Reserved parking that is not renewed will be revoked by the Township.

Please allow EIGHT (8) Weeks from the submission date of this application packet for the approval process.

FUNCTIONAL GUIDELINES AND ELIGIBILITY CRITERIA RESERVED RESIDENTIAL PARKING FOR PEOPLE WITH DISABILITIES

It is the responsibility of the medical evaluator to determine whether the one or more medical conditions ascribed to an applicant are of such severity as to render the applicant disabled to the extent that reserved parking is required for him or her to function adequately on a day-to-day basis. The following is a rather comprehensive list of medical conditions which, in various stages cause moderate to severe mobility impairment. Most sections include a "Note" area to assist the evaluator in interpretation of the medical criteria as they relate to an applicant's eligibility for reserved, residential parking for people with disabilities.

SECTION 1 Non-Ambulatory Disabilities

Impairments that require the applicant to use a wheelchair for mobility.

SECTION 2 Impaired or Assisted Ambulation

Intended for those who walk with extreme difficulty including those individuals who use a walker, crutches or leg braces. Use of a cane does not necessarily indicate eligibility for reserved residential parking.

Note: Claiming eligibility under this section will require extensive medical documentation or an additional medical examination of the individual to determine whether or not this applicant's medical condition qualifies the applicant for receipt of a reserved residential zone.

SECTION 3 Arthritis

This section is intended for people whose arthritic condition makes walking extremely difficult; people who suffer arthritis which causes a severe functional motor deficit in the legs.

FUNCTIONAL CAPACITY

Class III Functional capacity adequate to perform only a few or none of the duties of usual occupation or self-care.

Class IV Largely or wholly incapacitated, uses wheelchair.

MOBILITY ASSESSMENT

Grade II The applicant can cross the road but cannot manage public transportation.

Grade III The applicant can use stairs but cannot crossroads.

Grade IV The applicant cannot use stairs.

Grade V The applicant can move from room to room with help. Grade VI
The applicant is confined to chair or bed.

Note: Arthritis alone can only be used as a criterion for reserved residential parking if the applicant meets Class III under the Functional Capacity section and at least Grade III and up to Grade V under the Mobility Assessment section. Those applicants falling under other classes or grades listed must have either additional medical complication (when considering those at Grade II level) or traffic and/or terrain problems creating additional hardships for an attendant or driver of the disabled resident

SECTION 4 Amputation/Anatomical

This section is intended for people who find it extremely difficult to walk because of amputation, congenital absence of or anatomical deformity of the lower extremity at or above the tarsal region of one or both legs.

Note: Exceptions might include those cases in which the applicant has been particularly successful in mastering life skills and has been rendered fully ambulatory with the aid of his/her prosthesis.

SECTION 5 Cerebrovascular Accident

This section is intended for those applicants who, because of stroke or brain injury find it extremely difficult to walk. These applicants must exhibit one of the following:

(A) Severe functional motor deficit in any of two extremities

(B) Severe ataxia affecting two extremities substantiated by appropriate-by-appropriate cerebellar signs of proprioceptive loss/loss of muscle and kinesthetic sense.

TOWNSHIP OF WEST NORRITON RESERVED PARKING APPLICATION FOR RESIDENTS WITH DISABILITIES

Note: Appropriate medical documentation including, but not limited to rehabilitation records, etc. required before approval of an application from an individual falling under this category.

FUNCTIONAL GUIDELINES AND ELIGIBILITY CRITERIA RESERVED RESIDENTIAL PARKING FOR PEOPLE WITH DISABILITIES

SECTION 6 Pulmonary Disabilities

People who, because of a respiratory condition, find it extremely difficult to walk. These individuals experience dyspnea at various levels of exertion. Applicants must exhibit one of the following:

- (A) Dyspnea which occurs during such activities as climbing one flight of stairs or walking 100 yds on level ground.
- (B) Dyspnea present on the slightest exertion such as dressing, talking or at rest.

Note: Applicants for reserved parking may qualify under either sections A or B; however, these conditions should be substantiated by respiratory function studies or by other objective rather than subjective evidence. If oxygen is required to carry out routing functions, this should be stated by the applicant's physician.

SECTION 7 Cardiovascular Disease

This section applies to those individuals who, because of cardiac ills, walk with extreme difficulty. This includes people who exhibit Class III or Class IV in the functional classification and Class D or E in the therapeutic classification.

FUNCTIONAL CLASSIFICATION

Class III Patients with cardiac disease resulting in marked limitation of physical activity. Patients may be comfortable at rest; however, less than ordinary physical activity causes fatigue, palpitations, and dyspnea or angina pain

Class IV Patients with cardiac disease resulting in an inability to carry out physical activity without discomfort. Symptoms of cardiac insufficiency or angina syndrome may be present even at rest. Any physical activity will increase discomfort.

THERAPEUTIC CLASSIFICATION

Class D Patients with cardiac disease whose ordinary physical activity should be markedly restricted. Class E Patients with cardiac disease who should be at complete rest, confined to a bed or chair.

Note: Those applicants who fall under Therapeutic Classification D may or may not be mobility impaired to the extent that reserved parking is required. However, placement in this classification, along with inclusion under one of the other disability categories may combine to categorize the applicant disabled to the degree that a reserved parking zone is necessary. With respect to Therapeutic Classification E, the evaluator must bear in mind that persons who are confined to bed do not usually require the provision of special parking. Upon appeal however, special circumstances such as traffic or terrain problems may be brought to light which allow approval or reserved parking zones in such cases.

SECTION 8 Neurological Disabilities

This section is intended for those people who, because of impairment of the central nervous system, are disabled to the extent that their gait is radically altered resulting in severely restricted mobility.

NEUROLOGICAL DISORDER:

Damage to the central nervous system due to illness, accident, genetic or hereditary factors.

Note: Each of the factors above could cause a wide range of damage to the central nervous system resulting in anything from minor disability to total incapacitation. The evaluator must take care to detail the extent to which the applicant's mobility is impaired as a result of the resulting neurological disorder. The general rule for our purposes is if the applicant can walk one half of a city block without difficulty, he or she is not likely to require reserved residential parking.

SECTION 9 Other:

Upon special request, consideration will be given to a disability which is not specifically included in the aforementioned criteria.
